# MISSOURI HAY DIRECTORY

FARMERS ■ TRUCKERS ■ DEALERS

MISSOURI DEPARTMENT OF AGRICULTURE

**Department of Agriculture**  
**State of Missouri**  
**Jefferson City**

**Bob Holden**  
Governor

**Lowell Mohler**  
Director of Agriculture

It is my pleasure to present to you the 30th edition of the Missouri Hay Directory.

Hay production is vitally important to Missouri agriculture. The state's 2001 hay crop totaled 6.48 million tons, ranking Missouri second in the nation in hay production, excluding alfalfa.

The Missouri Department of Agriculture continuously works to market the state's hay crop. Since Missouri became the first state to install a hay hot line in 1988, we have received more than 15,000 calls. The toll-free number, 800-877-4HAY, continues to serve Missourians and their forage needs daily, while providing the important service of linking buyers with sellers.

The Missouri State Fair Hay Contest also fosters quality hay production, and the department encourages increased hay testing in production and marketing plans. These efforts help to improve the image and quality of Missouri's hay and make it easier to market.

I hope this directory will help you with your hay and forage needs as we continue to build this vital Missouri industry.

Sincerely,

A handwritten signature in black ink, appearing to read "Lowell Mohler", written in a cursive style.

## Missouri State Fair Hay Contest

The Seventeenth annual statewide hay contest was held in August at the Missouri State Fair in Sedalia. Hay contest entries were judged on quality, laboratory analysis and visual score. The contest is held to make Missouri hay producers aware of hay's nutritional value, and the potential for growing and marketing quality forages. The contest also showcases the state's top forages for potential buyers.

Many county fairs also hold contests. Always be sure to check contest rules and regulations. If you have questions or would like a copy of the Missouri State Fair Hay Contest Rules and Regulations or the 2002 contest results, please write:

Missouri Department of Agriculture  
Agriculture Business Development (Hay Contest)  
P.O. Box 630  
Jefferson City, MO 65102  
or call (573) 751-7213  
or email: [Mark\\_Murphy@mail.mda.state.mo.us](mailto:Mark_Murphy@mail.mda.state.mo.us)

Larry Muck, Meadville, Missouri received the Grand Champion Award at the 2002 Missouri State Fair Hay Contest. Pictured at the awards presentation are, from left: Lowell Mohler the Director of the Missouri Department of Agriculture, Larry Muck, Kelley Rohlfing the 2002 Missouri State Fair Queen, Mel Willard the Director of the Missouri State Fair, and Mark Murphy the Hay Contest Superintendent.

The Missouri Department of Agriculture  
thanks the following sponsors for their  
support in making the hay contest possible:

Agriliance, LLC, Kansas City, MO  
Agripro Biosciences, Inc., Shawnee Mission, MO  
Bailey Hay Equipment, Marshall, MO  
College of Agriculture, Food & Natural Resources,  
University of Missouri-Columbia  
Delmhorst Instrument Company, Towaco, NJ  
Dow AgroSciences LLC, Overland Park, KS  
FABPRO, Kingman, KS  
Garst/Agri Pro Seed Company, Overland Park, KS  
Green Seed Company, Inc., Springfield, MO  
Hay Wrap, Inc., Bloomdale, MO  
Livestock Nutrition Laboratory Services, Columbia, MO  
MFA Incorporated Seed Division, Columbia, MO  
Medipharm USA, Des Moines, IA  
Missouri Association of Soil and Water  
Conservation Districts  
Missouri Forage and Grassland Council  
Missouri Southern Seed Corporation, Rolla, MO  
Pioneer Hi-Bred International, Inc., Columbia, MO  
Producers Hi-Bred, Battle Creek, NE  
Reed Seeds, Inc., Chillicothe, MO  
W-L Alfalfa, St. Joseph, MO

## National Hay Test Guidelines

Table 1: Alfalfa-Alfalfa/Mix hay testing guidelines

Quality Designation	Relative Feed Value RFV	Acid Detergent Fiber ADF
Supreme	Over 180	Under 27
Premium	150-180	27-30
Good	125-150	30-32
Fair	100-125	32-35
Low	Under 100	Over 35

Quantitative factors are approximate, and many factors can affect feeding value.

Table 2: Grass Hay testing guidelines

Quality Designation	Percent Crude Protein (CP)
Premium	Over 13
Good	9-13
Fair	5-9
Low	Under 5

Quantitative factors are approximate, and many factors can affect feeding value.

### Revised Hay Quality Designations

Supreme: Very early maturity, pre-bloom, soft fine stemmed, extra leafy.

Factors indicative of very high nutritive content. Hay is excellent color and free of damage.

Premium: Early maturity, i.e., pre-bloom in legumes and pre-head in grass hays, extra leafy and fine stemmed.

Factors indicative of a high nutritive content. Hay is green and free of damage.

Good: Early to average maturity, i.e., early to mid-bloom in legumes and early head in grass hays, leafy, fine to medium stemmed, free of damage other than slight discoloration.

Fair: Late maturity, i.e., mid to late-bloom in legumes, head-in grass hays, moderate or below leaf content, and generally coarse stemmed. Hay may show light damage.

Low: Hay in very late maturity, such as mature seed pods in legumes or mature head in grass hays, coarse stemmed. This category could include hay discounted due to excessive damage and heavy weed content or mold. Defects will be identified in market reports when using this category.

## **Forage Quality: The Importance of Testing**

Testing forage accurately can provide a good estimation of forage quality. Test results can be used for: marketing and pricing forages; evaluating, growing, cutting, and storage; formulating nutritionally balanced rations; and developing and allocating forage inventories.

Recommended tests for determining forage quality include:

- 1. Dry Matter (DM)**
- 2. Crude Protein (CP)**
- 3. Acid Detergent Fiber (ADF)**
- 4. Neutral Detergent Fiber (NDF)**
- 5. Calcium (Ca)**
- 6. Phosphorus (P)**
- 7. Total Digestible Nutrients (TDN)**
- 8. Relative Feed Value (RFV)**

Listed below are certified Missouri laboratories which conduct hay and other forage analyses. No endorsement is implied, nor discrimination intended. Individuals should contact the laboratory for a listing of analysis offered, a fee schedule, and specific instructions for sampling and handling.

# Missouri Hay Market Listings

The hay market listings web page is available to Missouri producers as a result of a joint effort between University of Missouri-Columbia Agriculture Electronic Bulletin Board (AgEBB) and the Missouri Department of Agriculture.

To list hay you wish to sell:

- @ Enter a new listing via the menu options on the AgEBB Hay Market Page <<[<http://agebb.missouri.edu/haylst>>](http://agebb.missouri.edu/haylst)
- @ Call the Missouri Department of Agriculture's Hay Hot Line at 1-800-877-4HAY
- @ Visit your county extension office and have them list your hay

Hay listings will be left on the AgEBB system for 60 days unless updated.
